Problem & Opportunity

Regina Food Bank is extremely overloaded with calls and ordered from the customers. The Food Bank requires a proper system that allows them to serve more people and manage the load at the same time.

A fully functional website that will act as a hub to allow the customers to order their hampers without having to wait on the phone for a long period of time

North Star

Would be the consumers who are new to the program and will require immediate assistance for e.g. episodic consumers requiring food hampers.

Carry Over

A fully functional website that will act as a hub to allow the customers to order their hampers without having to wait on the phone for a long period of time

Word Press

Theme: Astra

Plug-ins:

- **Easy Appointments**
